STRATHCONA, ALBERTA, SATURDAY AUGUST 29 1903

No. 93

Baltimore Sensation

Atlantic City, N. J., Aug. 28.—Though Charles B. Roberts, the financier and chairman of Baltimore, Md., who was the victim of a mysterious shooting on the board walk on Tuesday night, is still in a critical condition at a local hospital, strong hope is entertained by the physicians that he will recover. He was sufficiently revived from unconsciousness to tell the police something of the man who shot him, and, setting on the fact that which is understood to have been told them, they will begin working industriously to clear up the mystery surrounding the shooting. Mrs. Williams, who with Roberts made emphatic denial when asked whether the man might have been her husband. She asserts that Mr. Roberts has been a family friend for a long time, and that her husband knew him as such. She says her husband had never exhibited any signs of jealousy during all the years she had known Mr. Roberts. She added, too, that her husband knew of the presence of Mr. Roberts in Atlantic City.

Mrs. Williams was then asked whether the man who did the shooting made the reported declaration: "You will never take my wife, out to dinner again," as he fired the shot. She denied knowledge of the man, as did also the negro chauffeur.

Mrs. Williams was unable to say whether the man tried to kill her also. She further declared that she was not the slightest suspicion as to the identity of the assassin, as she did not think she had an enemy in the world.

Mrs. Roberts, wife of the victim, arrived here last night and has been at the bedside at the hospital ever since. She refused to talk of the occurrence.

The police staff at the theory of highway robbery and hint at sensational revelations upon the arrest of those whom they have under suspicion. Baltimore, Aug. 28.—The attempt on the life of Chas. B. Roberts, of Baltimore at Atlantic City created a tremendous sensation here, and is the sole topic of conversation in the circles in which he moved. It was discussed from every possible viewpoint by his friends and acquaintances in trying to retrace out a motive for the attack.

The report that Mrs. W. I. G. Williams, also of the city, was in the rolling chair with Mr. Roberts when the shooting occurred added interest to the case. For a number of years the Roberts' and Williams' families have been on intimate terms, the heads of the two households being of approximately the same age and moving in the same circle of society. Review of these relations it was pointed out by some of Mr. Roberts' friends that his meeting Mrs. Williams and riding with her in the rolling chair was quite in keeping with the friendly relations their two families enjoyed.

Mrs. Williams returned from a month's trip to Europe last Monday. He would say but little concerning the affair, stating that he was a close personal friend of Roberts. He expressed surprise when told that the woman with Mr. Roberts was his wife, saying that she was in Boston the last time he heard from her. He said he saw Mr. Roberts on Tuesday night for the first time since his return home and told him how glad he was to see him again. Mr. Roberts did not go to Atlantic City until the next afternoon.

Turbulent Turkey

London, Aug. 28.—Mohammed Durrani, one of the founders of the Young Turk movement, who is now in London, has given in an interview an interesting account of the reorganization, he says the organization has nothing whatever to do with the so-called Young Turks of Constantinople, but was known at a secret meeting in 1901 as a last resort to free Turkey from the thrall of the secret police, by whose machinations thousands of the best men in Turkey disappeared.

According to his estimate forty thousand men have been so disappeared. He relates one incident of his knowledge to the effect that forty men were brought from the tower to the shores of the Bosphorus one evening, he heard them screaming at night time, and next morning all had disappeared. On another occasion while in the Bosphorus, a vessel while weighing anchor drew up several corpses. The captain of the steamer, he said, received a large bribe from the police not to mention the matter. The steamer has been wrongly blamed for this condition of affairs, he said, "he is surrounded by a cannibal and can trust nobody and has attempted to reform the government he would undoubtedly have been assassinated."

NEW GOVERNORS FOR EASTERN PROVINCES.

Ottawa, Aug. 28.—Hon. J. M. Gibson, former provincial secretary and "sub-governor" of Ontario, is to succeed Sir Mortimer Clark as lieutenant-governor of Ontario, the announcement of which will be made in a few days. Sir Alphonse Belletier, former speaker of the senate, as already announced, will succeed Lieut.-Governor Tarte of Quebec.

PROBABLY RUN AN INDEPENDENT

Calgary, Aug. 28.—R. P. Pettipiece, western organizer for the Trades and Labor congress of Canada, returned from Edmonton last night and left for the east on No. 66. He says things politically in the Edmonton constituency are warming up, and feels assured that there will be a three-cornered contest there, as well as in Calgary and the southern ridings.

The Edmonton Trades and Labor council will decide whether it will send a delegate to the Halifax convention of the congress or not on Sept. 8. Organizer Pettipiece is enthusiastic over the prospects of a strong southern representation, and expects to win over recruits at Medicine Hat, Moose Jaw, Brandon, Winnipeg, Fort William and Port Arthur.

The congress, which has been termed "the concrete expression of the advanced labor thought of Canada," now has an affiliation of 153,000 organized wage-earners throughout Canada, and is rapidly developing into a position where it must soon become a dominant factor in the political life of the future.

On The War Path

Victoria, B.C., Aug. 28.—One hundred Indians at Salmon Arm, just south of Kamloops are threatening to go on the war path, hearing that they are about to have their fishing rights taken away from them. Superintendent Huxley, of the provincial police, leaves this evening for the scene, the local authorities stating that it has got beyond their control. The situation is a serious one.

On Wednesday two Indian chiefs were summoned by Dominion government fishery authorities for setting fish traps illegally. They were arrested and sentenced to stay a small fine.

A band of fifty Indians stayed down on the court house, regard the chiefs, and made off with them. Constable Ferrie, Kamloops was dispatched to the scene, but he reported that the Indians were very uncooperative. Chief Huxley has received instructions to assume the positions of the red men by peaceful measures if possible, but to bring them to terms if they will not prove amenable.

BOER TROPHIES.

Ottawa, Aug. 28.—It is probable an announcement will come made of the allocation of the three Boer medals sent to Canada as trophies by the imperial authorities. As only three of these mementoes are expected, one will be assigned to Montreal, one to Toronto, and the other retained at Ottawa. The medals are being assigned various corps represented in the war.

BLACK HAND.

Vancouver, Aug. 29.—John Miller, was arrested today on a charge of having written a letter to John Mann, grocer, in the Black Hand style. Mann was in place 500 at the corner of the bar on he and his store would be blown up. With a policeman, Main waited until Miller came along last night after dark and commenced looking over the ground with the aid of a match he lighted.

HEALTH ASSOCIATION.

Winnipeg, Aug. 28.—The Health association spent yesterday morning at Winnipeg's summer resort, Winnipeg Beach. This afternoon the constitution was again discussed, read and adopted; but not until the evening was well advanced, so that the subject matter, bacilli, got scant justice. In the evening a banquet and musical took place.

RAILWAY COMMISSION

Ottawa, Aug. 28.—A commission has been named by Hon. George P. Graham, minister of railways, to investigate into the condition, equipment, and business prospects of the local lines touching the Intercolonial railway in Nova Scotia, New Brunswick, and Quebec. The commission consists of E. Tiffin, general traffic manager of the Intercolonial; W. A. Storey, general freight agent of the Intercolonial; and W. A. Bowden, engineer, of the railway department. The investigation may be preliminary to the acquisition of new or purchase of branches, which can be operated with profit by the Intercolonial, and of benefit to the districts they run through.

"Red" Burke Sentenced

Regina, Aug. 28.—A boy named Burke, aged 12 years, was yesterday sentenced to spend the next two years in Edmonton penitentiary, he having been convicted of the theft of goods from McCarthy's store on Sunday morning. This makes the second juvenile prisoner from Regina, sentenced to a term in Edmonton, the first being the Kurtz case. At the time of the sending of Kurtz there was a storm of protest against the action of the magistrate in sentencing one so young to the common jail, but in spite of this magistrate yesterday sent the 12-year-old boy to Edmonton. It is pointed out that there is no reform school to which the juvenile offenders can be sent, and so the magistrate has no alternative but to name Edmonton penitentiary.

"Red" Burke is a bad boy and has been a bad boy a long time. A while ago he stole \$10 from the Edison Theatre and was treating the kids like a millionaire. He was convicted of this and his father gave a \$100 bond for his good behavior in future. Yesterday, however, "Red" was landed again by the police, and Chief Hargrave and his men were the evidence around him so strongly that he had to admit guilt.

Early Sunday morning Burke broke a window in the rear of McCarthy's store and crawled in. He went as far as he could and then struck a door. To open this "Red" required a crow-bar and he had just enough of the burglar instinct about him to realize the situation. He ran to the outside and got the crow-bar and also secured four accomplices. He then entered through the window again and broke the door open with his crow-bar. Entering the store proper, "Red" made first for the fire arms department. Here he secured a revolver and three boxes of cartridges. He took them outside and armed one of the accomplices with the gun and the other with a box of cartridges each. He was not going to take any chance of being caught so he arrayed his formidable force of armed fighting men in battle line before the window. Then "Red" made two more expeditions into the store. In one he secured \$150 in stamps and a purse worth \$10. He also secured some white leather boots which he dealt out to his fighting men as reward for their valiant service. In holding the window against attack from the outside. The third trip was devoted to securing hats, coats and wearing apparel. "Red" came out well stocked for a hard winter.

TWO TOWNS FIRED

Alderden, S.D., Aug. 28.—Revenge for the arrest of several suspected horse thieves is believed to be the cause of the raid on the town of Lowery and Alaska by night riders in an early hour yesterday morning. Both towns narrowly escaped being wiped out by fire. All the buildings are frame structures and furnished good fuel for the flames. Both towns are in Walworth county, on the river extension of the Minneapolis and St. Louis road, and only a few miles apart.

Lowery was the first town raided. Here a general store was fired by the raiders and the flames spread rapidly to the adjoining buildings. Seven masked men were seen riding away, but no attempt was made to follow, for the town was in danger of being destroyed. While the citizens were fighting the telephone message received from Alaska asking for aid and stating that the town had been fired by raiders. A similar message was received at Haven and other nearby towns.

In the meantime the sheriff had been sent for and he arrived at Alaska yesterday afternoon. It was reported today that the authorities have a clue which may lead to arrests. Six buildings were destroyed in each town, including the farmers' store bank at Lowery. The hotel at Alaska is one of the burned buildings. No robberies have been reported and the loss can only be vaguely estimated at this time. It is thought it will reach about \$100,000, fully covered by insurance.

Teddy Was Not Scared

Bordeaux, Aug. 28.—An extraordinary story at the court martial today of a member of the military intelligence corps, Camille Marquet, who was charged with attempting to blackmail President Roosevelt. According to the evidence before the court, Marquet wrote to the President on January 8, demanding on behalf of "My Society," without other specifications, \$5,000 on account of services rendered during the Presidential election, and promising further help.

Refusing to reply to this demand Marquet wrote again on March 24, threatening a scandal, "which will cause disorder upon the whole family unless the money is forthcoming; at a fixed date." In conclusion, the writer of the letter recommended the greatest discretion, adding: "The highest heads are no longer safe as their shoulders. Look at Portugal." The President handed the letters to the Consul General, who communicated with the French police. Marquet was brought up for court martial, but the court in consideration of the good behavior of the youth, sentenced him to six days' imprisonment, giving him the benefit of the first offence.

FRENCH LOVEMAKING.

Vancouver, Aug. 28.—Mrs. A. Goddard, who lives with her husband at the corner of Seventeenth avenue and Ash street, was dangerously wounded tonight by Lorenzo Laforestine, a Frenchman, who had been annoying her. Laforestine followed her home and fired four shots out of a revolver at the woman closed her door. He was arrested at nine o'clock, three miles away from the scene of the shooting. The woman will recover.

EDMONTON'S PACKING PLANT

The new Griffin packing plant will commence work on Sept. 10. A force of about 125 men is now employed finishing the interior work in the plant and installing machinery. Everything is moving forward briskly, and the new plant will be ready for work early next month. C. H. Bradley will be the manager of the new plant and C. W. Fletcher superintendent.

BRITAIN'S NAUL

London, Aug. 28.—The year of grace granted to foreigners under the new patent act expires to-day, henceforth foreign patents in this country may be secured by Great Britain after a reasonable interval, unless the patent of article is manufactured or the patented process is operated in the United Kingdom to an adequate extent.

A great number of foreign firms already have taken sites and started works in Great Britain, many other are making arrangements to do so. These are mainly German and American firms. Sir Alfred Jones, head of a prominent firm of shipowners, estimates that \$25,000,000 will thus be invested here for the manufacture of articles from forty manufactured abroad, and a prominent expert in patent law thinks no fewer than 8,000 patents granted to foreigners will come under the new law.

Gold Strike In Kootenay

Nelson, B. C., Aug. 28.—After twenty years of work in the Kootenay country, the biggest strike that ever has been made, as far as value are concerned, was made yesterday upon the Granite Porphyry group, five miles west of Nelson, under lease from the Dunsmuir mines, limited, an English company, to T. Gough and J. P. Swobbery. The ore is a freemilling gold quartz, mellow at that, and its value cannot be stated in hundreds of dollars, but must be expressed in thousands. The Porphyry granite group has the best location in the vicinity. For the most part they are freemilling gold quartz ore. The veins ranging from two to five feet in width, and averaging in value from \$5 to, as at this last strike, \$50,000 to the ton. This is not a strike on a steep hill, but a strike on a mine which has been developed for the last twenty years and as such goes far to show the fortunes which can yet be made in the Kootenay country.

There is a general revival of the mining industry all through the Kootenay and all through the many miners and prospectors have been busy at work.

PORTAGE TELEPHONES.

Portage la Prairie, Aug. 28.—An agent of the government recently visited South of the River district and it is understood that forty telephone connections are to be put in for instance in ward side of the rural municipality, with a central at Oakville in connection with Portage village. The farmers are glad to get the telephone but the point to which they object is that the rate is \$30 per year, whereas under the Bell company it was \$24 annually and even that figure was considered enough.

EDMONTON'S PACKING PLANT

The new Griffin packing plant will commence work on Sept. 10. A force of about 125 men is now employed finishing the interior work in the plant and installing machinery. Everything is moving forward briskly, and the new plant will be ready for work early next month. C. H. Bradley will be the manager of the new plant and C. W. Fletcher superintendent.

MR. ANES INDICTMENT OF INTERIOR DEPT.

Its Methods Illustrated.

T.B. No. 1031.

The first appearance of the Imperial Pulp Company on the records of the department is in reference to timber limit No. 1031. In the summer of 1902, a local Edmonton syndicate sent an exploration party to examine the timber along the North Saskatchewan river. In conformity with their report, application was made to the department to put up 118 square miles in eleven blocks. The applicants asked that there be no unnecessary delay as they wished to construct a saw mill and commence operations at once. The government, however, did not act with alacrity. A delay of two months and more ensued, during which time John Cameron, honest inspector at Edmonton, was despatched to the upper waters to examine the timber and make report—commendable proceeding and one that should have been followed in all cases. But—another thing—this—it had the additional advantage in this instance of placing "the inner side" at Ottawa in possession of full information as to the value of those limits. Finally, on the 17th of November, the notice was issued putting up the entire area for competition as a single proposition.

Hurry-Up Sale.

Forty-two days were allowed from the issue of the notice to the date of opening bids. One advertisement appeared in the Edmonton Bulletin about December 1. This gave ten weeks to outsiders to acquire information on which to make competitive bids. That this length of time was wholly insufficient is shown by a letter (a file from W. S. Drimell, who represents Minneapolis capitalists, and who had also a large interest in the Edmonton Lumber Company. Mr. Drimell in his letter says: "I have been endeavoring to secure information which would enable me to act intelligently, but have not had sufficient time to do so. I would like you to have the sale postponed for thirty or sixty days, preferably the latter, to the end that I may complete an examination and make a substantial bid for the property. I am satisfied that the interests of the Dominion government would be subserved thereby, and that a much larger bid would be received than if the sale took place at the time. This tract, comprising, as it does, 119 square miles, is so extensive, that the time given under the notice is altogether insufficient to permit anyone to make proper examination thereof." It is the same story disclosed in connection with other transactions, "insufficient time," "tract too large." A further letter from Messrs. Scalls & Lee, of Edmonton, asks, "Must the tenders be on each block separately, or in the whole," intimating that if so large an area be put up at one time there were few possessed of sufficient capital to bid upon it. It must shut out the small Edmonton manufacturer and granting every advantage to the wealthy Ottawa speculator.

Inside Circle Knew.

But the department did not postpone the sale as asked by Mr. Drimell. Presumably sufficient information was by this time in the possession of those in whose behalf information was desired. The bids were opened on December 31, 1902. They were as follows, (omitting several small offerings):

- (a) T. A. Burrows, \$6,007.
- (b) James Ross on behalf of Edmonton syndicate, \$7,000.
- (c) H. & K. McDonald & Frith, \$31,161.
- (d) The Imperial Pulp Company, \$31,575.

The tender of the Imperial Pulp Company was a model of brevity. It read:

Toronto, December 29, 1902.
To the Secretary, Department of the Interior Ottawa:
Sir,—Enclosed please find tender for timber berth No. 1031.—Yours truly,
(Signed) Imperial Pulp Co., Toronto.
The regular form of the department

was not used. No amount as bonus was specified. Marginal notes on the showed that there were two cheques, the first for \$17,575, and the second for \$14,000. It was brought out as evidence that these cheques were managers' cheques on the Ottawa office at the Bank of Ottawa, handed to T.A. Burrows in exchange for deposit. The letter purports to have come from Toronto, the cheques from Ottawa. Mr. Burrows seems to have been instrumental of their union. Now it will be noted that the larger of these cheques, \$17,575, slightly exceeded the bid of James Ross and the Edmonton syndicate. Just before 12 o'clock the tender of the McDonalds arrived for \$31,161. The addition of the second cheque for \$14,000 to the previous cheque of the Imperial Pulp Company for \$17,575 would give a total of \$31,575, sufficient by a small margin to exceed the McDonald bid. Is it any wonder the question is asked, "Was this coincidence or design?"

Burrows Was Ahead.
Edmonton advices show that the local syndicate was represented in Ottawa on the day the tenders were opened by Frederick H. Monro, who brought down the \$17,000 Ross cheque. This party told on his return of his experience and impressions. You will find his story as reported by Mr. H. L. McVinn, in the Edmonton Weekly Journal of February 28, 1903. After stating that the Edmonton syndicate sent a man to Ottawa with a marked cheque the citation reads, "When a man sent there a tender had been submitted by Burrows for \$6,610. The man was at the office a few minutes before the tenders were opened. The tender was taken inside and in the meantime a conference took place and a blank cheque signed by Burrows filled out. This made Burrows total amount \$31,160, and so he got the berth." The figures may not be quite accurate, but it is plain that, rightly or wrongly, the Edmonton representative believed that his tender was tapped. Certainly the circumstantial evidence in regard to this transaction does not tend to remove that impression.

It is estimated that limit No. 1031, of which we are speaking, will produce 75,000,000 feet of sawn lumber. All the timber lies close to the river. At a reasonable valuation this limit is worth today \$30,000.

Around the City

The annual meeting of the Ladies' Hospital Aid will be held in the council chamber on Tuesday next at three o'clock. A good attendance is requested.

The Rev. Dr. McDonald will conduct the anniversary services of the W. C. T. U. in Knox Church, Strathcona, on the evening of August 30th, services beginning at 7.30. Dr. McDonald will give an historical sketch of the rise, progress and work of the W. C. T. U. He will also give what he regards as strong reasons in favor of woman's suffrage.

Mr. G. F. Downes and Dr. Archibald have just returned from a few days' shooting. They brought in 300 ducks. As long as ducks are not shot and left the big bag is what sportsmen like, but we have heard of another couple who went shooting, shot 400 birds and left the majority to rot by the lakeside. This is most reprehensible.

B. A. Higgins has taken over the business of the Windsor Livery, and

has put in a first-class outfit. Messrs. Mohr & O'Connor have dissolved partnership, and Mr. Mohr has entered into partnership with P. Morken. The new firm of Mohr & Morken have moved into the barn on Main street lately occupied by Johnson Bros.

QUEEN OF HAWAII

During the round the world trip of the American fleet the officers have met some very distinguished and notable persons. Ex-Queen Liliuokalani, of Hawaii, is a woman about whom there has been a great deal of comment and her welcome to the southern island was a hearty one. Lord and Lady Plunkett, of New Zealand, were also representatives of royalty who were tendering their hospitality to the sailors from the States.

FLOOD VICTIMS.

Augusta, Aug. 28.—At noon to-day sixteen bodies, five white and eleven negroes, have been recovered from the most horrible flood in the history of Augusta. It is expected the fatalities will reach 35. The water is receding enough for the work of reburial to go on.

BIG 500 BLAZE.

500, Aug. 28.—A fire in the lumber yards and sawmill of the Lake Superior corporation this afternoon caused a loss of about \$100,000, three and a half million feet of lumber being burned. It was owned by Miller & McCool, the Algoma Commercial company, and the Saginaw Lumber company. The fire spread over four acres of ground and the whole water front was threatened.

PORK COMMISSION GOING EAST.
The Alberta pork commission will leave for the east on Sept. 3rd, and be in Winnipeg Sept. 3th, and from there will proceed to Ontario and visit the packing plants at Collingwood, Harrison, Ingersoll and Toronto. The return to Winnipeg will be made by way of Chicago, where an inspection will be made of the famous "packing town." The commission is composed of A. G. Harrison, Edmonton; Bower, Red Deer; and R. A. Wallace, High River.

PRINCE ALBERT CROPS.

Prince Albert, Aug. 28.—The fine harvest weather is completing what copious June rains and hot July sun started so well. Grain of all descriptions is throughout the district given promise of eclipsing all previous records for yield. That the crop generally over the west is good is shown by the ever increasing demand for lumber and consequently the Prince Albert lumbermen are preparing for a large winter's cut.

WANTED—BY MARRIED COUPLE.
Furnished rooms with board in private house. Apply Box G. Chronicle office.

LOST—ON ROAD BETWEEN EDMONTON AND STRATHCONA. A prize book with black leather cover. Finder will be liberally rewarded on returning same to Alberta Hotel, Edmonton.
